## IMPORTANT SAFETY INSTRUCTIONS

### To reduce the risk of INJURY TO PERSONS:

- 1) Turn off/unplug before cleaning or other maintenance.
- 2) Do not look directly at lighted bulb.
- 3) Keep lamp away from materials that may burn.
- 4) Please remove the batteries if not in use for long periods of time.

### ASSEMBLY INSTRUCTIONS

- 1) Lay out all parts on a smooth surface as shown in illustration (FIG 1).
  - 2) Screw post(A) into base(K) and tighten.
  - 3) Unscrew the knob( C) and insert the post into the post(A).
  - 4) Screw the joint(B) into the post(A) and tighten.
  - 5) Adjust the magnifier so it is straight as (FIG2).
  - 6) Remove the cover (H) of the battery box ( F) as shown in (FIG3).
  - 7) Insert 3 pcs AA batteries(G) (not included) into the battery box(F), making sure the "+" and the "-" marked on the battery cover (H) are properly aligned with the batteries.
- Replace the battery cover (H) back in making sure it is firmly locked.
- 8) Adjust the magnifier to desired position.
  - 9) Turn on the rocker on/of switch (D) on the shade to enjoy.

### Caution:

**KEEP MAGNIFIER LAMP AWAY FROM DIRECT SUNLIGHT WHEN NOT IN USE.**

### BATTERY REPLACEMENT

When light dims to an undesirable level, it is time to replace the batteries as follow:

- 1) Adjust the magnifier so it is straight as (FIG2).
- 2) Remove the battery cover (H).
- 3) Remove 3 pcs. old AA batteries.
- 4) Insert 3 pcs. new AA type batteries into the battery box(F) and replace the battery cover (H) making sure it is firmly locked.

### MAINTENANCE

- 1) To clean use a soft cloth only.
- 2) Do not use any chemical or abrasive cleaners.

NOTE: This lamp uses specially formulated LEDs that simulates the characteristics of the sun. The light will appear brighter and whiter compared to a normal incandescent bulb and contains many benefits of natural sunlight. In addition, the LEDs are energy efficient and eco-friendly. They are not replaceable but should last up to 50,000 hours.
