

IMPORTANT SAFETY INSTRUCTIONS

Instructions Pertaining to a Risk of Fire, Electric Shock or Injury to Persons

WARNING: TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR INJURY TO PERSONS:

1. Turn off/unplug and allow to cool before cleaning or other maintenance.
2. Touch only switch/plug when turning on. Touch only neck when adjusting lit lamp.
3. Do not touch hot/warm LEDs at any time.
4. Do not look directly at lighted bulb.
5. Keep lamp away from materials that may burn.
6. Do not remain in light if skin feels warm.
7. According to warranty rules and regulations, if the external flexible cable or cord of this luminaire is damaged, do not try to fix it. It shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

ASSEMBLY INSTRUCTIONS:

1. Lay out all parts on a smooth surface as shown in illustration.
2. Plug in the adapter (C) into the outlet.
3. Hold shade (A) to adjust the lamp to desired height/position using the flexible gooseneck.
4. Use the rotary 4-way switch to change kelvin and enjoy.

ROTARY SWITCH OPERATION:

To turn on lamp, turn switch clockwise:

1. Light color temperature is cool (6000 kelvin) at level 1 (first turn).
2. Light color temperature is warm (3000 kelvin) at level 2 (second turn).
3. Light color temperature is daylight (4500 kelvin) at level 3 (third turn).

MAINTENANCE:

1. To clean, use a soft cloth.
2. Do not use any chemical or abrasive cleaners.

NOTE:

This lamp uses specially formulated LEDs that simulate the characteristics of the sun. The light will appear brighter and whiter compared to a normal incandescent bulb and will provide many of the benefits of natural sunlight. In addition, these LEDs are energy efficient and eco-friendly. They are not replaceable.
