INSTRUCTIONS PERTAINING TO A RISK OF FIRE, ELECTRIC SHOCK OR INJURY.

(WARNING - Lighted lamp is HOT!)

To reduce the risk of FIRE, ELECTRIC SHOCK or INJURY:

- 1) Turn off/unplug and allow to cool before cleaning or other maintenance.
- 2) Touch only switch/plug when turning on. Touch only neck when adjusting lit lamp.
- 3) Do not touch hot/warm bulb at any time.
- 4) Do not look directly at lighted bulb.
- 5) Keep lamp away from materials that may burn.
- 6) Do not remain in light if skin feels warm.
- 7) According to warranty rules and regulations: If the external flexible cable or cord of this luminaire is damaged, do not try to fix it. It shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

ASSEMBLY INSTRUCTIONS:

- 1) Lay out all parts on a smooth surface as shown in illustration.
- 2) Screw the post (B) into the base (A) and tighten.
- 3) Re-tighten nut on underside of base, if necessary.
- 4) Screw the post (C) into the post (B) and tighten.
- 5) Screw the top post (D) into the post (C) and tighten.
- 6) Screw the arm (E) into the post (D) and tighten.
- 7) Adjust the shade joint to your desired position and tighten the knob of the joint.
- 8) Unscrew the knob (H) from the pipe (F).
- 9) Screw the pipe (F) into the cup (K) and tighten.
- 10) Put the shade (G) onto the pipe (F) and tighten the knob (H) until shade is secure.
- 11) Insert the cord (I) into the adapter.
- 12) Insert the male plug of adapter (I) into the female jack at the back of the lamp.
- 13) Plug lamp into outlet and use the rotary dimmer switches to operate light.
Switch 1 operates cool white light (6400K) - Switch 2 operates warm white light (3000K)
Both switches are dimmable.

MAINTENANCE:

- 1) To clean use a soft cloth only.
- 2) Do not use any chemical or abrasive cleaners.

NOTE: This lamp uses specially formulated LEDs that simulate the characteristics of the sun. The light will appear brighter and whiter compared to a normal incandescent bulb and will provide many of the benefits of natural sunlight. In addition, these LEDs are energy efficient and eco-friendly. They are not replaceable but should last up to 40,000 hours.
